

October 4, 1926.

MEMORANDUM

Mr. David P. Thompson

It is extremely important that we immediately check up on Nellie O. Russell's movements on the night of 9/14/22.

You will recall the story of Sipple and Knothe, the representatives of the S.P.C.C. that they both called at her home that night and found that she was out. Please confer with Mrs. Russell to ascertain whether she was really at home and if so, after what hour. We must have the facts of her movements so that we may use them if necessary, and have them offset any contradictory statements from Knothe or other sources.

Will you please do this immediately.

N. J. PALZER
